Career Objective

Aspiring Computer Science graduate seeking a challenging position in Java and Spring Boot development, leveraging skills in web technologies and machine learning to contribute effectively to organizational growth.

Education

Panimalar Engineering College , Chennai	2023 – 2027
B.E in Computer Science and Engineering (3rd Year)	GPA: 8.8
Govt. Model Hr Sec School	Krishnagiri, India
Higher Secondary Certificate (HSC)	2022 – 2023

Skills Summary

Languages: Java, SQL, python
Web Technologies: HTML, CSS, JavaScript
Tools: postman, Excel, MySQL, Google Colab, Git, Github
Machine Learning & Data Science: NumPy, Pandas, Matplotlib, Scikit-learn, Data Preprocessing, Model Building, Visualization
Problem Solving: Solved **150+ problems on LeetCode** ([Profile Link](#)).
Core Competencies: Java Programming, Spring Boot.
Soft Skills: Communication, Leadership, Teamwork, Problem-Solving

Internship

Web Development Intern	Dec 2023 – Jan 2024
PRO 17 Analytics - Developed web applications using HTML, CSS, JavaScript. - Designed responsive UI and collaborated on frontend-backend integration. Certificate: View	
Intern – Kalaimakal Systems Limited	Jun 2025 – Jul 2025
- Learned Python, data analysis, and visualization using NumPy, Pandas, and Matplotlib. Certificate: View	

Projects

Smart Crop Recommendation System (Mini Project)	2023
Project Link - ML-based crop recommendation using soil and climate parameters. - Random Forest model (99.9% accuracy) deployed via Streamlit with bilingual support.	
Student Performance Prediction	2023
Project Link - Predicted student academic performance using machine learning techniques. - Applied preprocessing and classification algorithms for accuracy improvement.	
Weather Forecast Application	2023
Project Link - Real-time weather web application using HTML, CSS, JavaScript. - Integrated public Weather API for live data display.	

Certificates

- Python Programming – Infosys Springboard
- Java Programming – Infosys Springboard
- Introduction to Data Analytics – Simplilearn
